Pieces per case	2
-----------------	---

**Secondary packaging**

Case size	590X185X395
Cases per Pallet	20

A PDO product protected by the Prosciutto di San Daniele Consortium, which strictly regulates its production, it is made from fresh, heavy legs from pigs born, raised and slaughtered in Italy and fed on strictly controlled diets. After processing, the hind legs with their characteristic and distinctive trotter must be aged in the municipality of San Daniele del Friuli for a minimum of 22 months. San Daniele s/o addobbo Principe is gluten-free as only rice flour is used for the ham's coating. The addobbo format allows for anatomically shaped slices.
